Go Further

Smart

Remarkable innovation

The SYNC® voice-activated system lets you connect to your world like never before. Pair your Bluetooth®-enabled phone to make calls, use text-to-speech technology, and play your favourite music – using just your voice. You can even control SYNC® with the steering wheel mounted controls.

Standard on Titanium.

MyFord® Dock

Ford's first every device dock allows you to store, mount and charge your mobile phone, MP3 player or satellite navigation system. And because it's mounted on your dashboard, it's in a perfect, easy-to-access position.

Standard on Ambiente and Trend.

Safe

Safety developed for you and your family

Get all-round protection. In addition to front airbags for the driver and front seat passenger, all-new FIGO offers side and curtain airbags, so backseat passengers enjoy extra protection too. Six airbags, that's safety in numbers.

Standard on Titanium.

Interior and exterior images may differ on local specification.

The beginning of a great story.

Introducing the all-new **FIGO**. It's the embodiment of dynamic, intelligent design and it's available with a list of technological features that will take you by surprise.

Combine beauty with practicality

The all-new **FIGO** interior design boasts new styling that reflects attention to detail and quality craftsmanship.

Hatch

Sedan

More options than ever before

The stylish all-new **FIGO** is now available in Hatch and Sedan to suit your lifestyle. But the options don't end there. Take your pick between manual or PowerShift automatic transmissions and petrol or diesel engines. Either way, you're making a bold statement in the all-new **FIGO**.

Interior and exterior images may differ on local specification.

CO₂ & Fuel Economy Note: The declared fuel consumption and CO₂ emissions figures were achieved during technical laboratory testing in accordance with the legislated technical specifications (SANS 20101: 2006 / ECE R101: 2005). Fuel consumption and CO₂ emissions figures are used to compare different vehicle types under uniform conditions and are not necessarily indicative of real-life driving conditions. Note that the actual fuel consumption and emissions levels will depend on many factors including individual driving habits, prevailing conditions and vehicle equipment, condition and use.

Quality

We design and build your Ford to feel as good after many years of service as it did the day you picked it up. And to drive just as beautifully too.

Green

Using advanced Ford technology, we're committed to creating vehicles with improved fuel economy, reduced CO₂ emissions and a lower overall cost of ownership.

Safe

Ford's Intelligent Protection System uses sophisticated technology designed to help prevent an accident and, if one should happen, to protect you.

Smart

Vehicles with smart intuitive technologies designed to connect your world and many clever solutions from Ford that make life a little easier.
